Comm. 577: RESOLUTION AMENDING THE DISTRICT DISTRIBUTION FORMULA OF  
(Res. 175-04) THE COUNTY OF HAWAI'I FUEL TAX PROGRAM  
From Finance Director William Takaba, dated April 2, 2004, transmitting the above resolution. The existing district allocation formula equally divides the fuel tax revenues into two categories; TEA21 and Local Road Improvement. The Local Road Improvement category distributed funds among the tax map districts according to each district's percent of miles of local streets. The number of miles of highway improvement in each district has been disproportionate as there exists a higher material cost for highway improvement projects in North and South Kona, and portions of North and South Kohala and Ka'u. This resolution proposes an apportionment formula to be developed by the Department of Public Works that factors in any higher material cost for highway improvement projects.
