

**Table 10.7-- ESTIMATED NUMBER OF HOMELESS PERSONS,
BY COUNTIES: 1990 AND 1992**

Year	State	Hawaii	Maui	Honolulu	Kauai
1990 <u>1/</u>	8,370	803	1,039	6,362	165
1992	5,353	1,244	506	3,240	365

1/ The difference between the 1990 and 1992 estimates is primarily the result of different methods used in the 1992 study. Estimating the 1990 homeless from 1992 data, there would have been about 6,126 homeless persons in Hawaii in 1990.
