### Click and Check on County Issued Permits Online

The Building Division of Public Works now offers an online service, available 24/7 to access Building, Plumbing, and Electrical Permit information for active and completed permits.

Details such as the date the permit was issued, the contractor's name and the description of the work performed, appear in the report. Information is updated weekly.

To generate a permit inquiry, go to [www.co.hawaii.hi.us](http://www.co.hawaii.hi.us). Click on Real Property Tax. Then click on Real Property Tax Site. Once you're there, click on "Property Search," then click on "parcel number." Type in the TMK number and click "search." Click on the parcel ID #, then click on the icon "Generate a Permit Report." Wait a few minutes for the information to download. Details and a summary of permits that pertain to this TMK will appear.

To view this, you will need Adobe Acrobat Reader. A link to a website to download this software is provided.

Questions regarding permits and for permits issued prior to 1980 should be directed to the Building Division of Public Works at 961-8331 or 327-3520.
